WHAT ARE COOKIES

Cookies are small text files that are used to store small pieces of information. They are stored on your device when the website is loaded on your browser. These cookies help us make the website function properly, make it more secure, provide better user experience, and understand how the website performs and to analyze what works and where it needs improvement. For further information, visit <https://www.allaboutcookies.org/>.

HOW WE USE COOKIES

As most of the online services, our website uses first-party and third-party cookies for several purposes. First-party cookies are mostly necessary for the website to function the right way, and they do not collect any of your personally identifiable data.

Panonian rarely uses third-party cookies. However, if applied, the third-party cookies used on our website are mainly for understanding how the website performs, how you interact with our website, keeping our services secure, and all in all providing you with a better and improved user experience and help speed up your future interactions with our website.

WHAT TYPE OF COOKIES WE USE

There are a number of different types of cookies, however, our website uses:

Essential – These cookies are absolutely necessary for you to be able to experience the full functionality of our site. They allow us to maintain user sessions and prevent any security threats. They do not collect or store any personal information. For example, these cookies allow you to log-in to your account and add products to your basket, and checkout securely.

Functional – These are the cookies that help certain non-essential functionalities on our website. For example this category contains cookies that help us store your settings and browsing preferences like language preferences, location you are in and/or keeping you logged in so that you have better and easier future interactions with our website. It also includes cookies for embedding content like videos or sharing content of the website on social media platforms. A mix of first-party and third-party cookies are used.

Performance – These are the cookies that are used to understand and analyze the key performance indexes of the website which helps in delivering a better user experience for the visitors.

Analytics – These cookies store information like the number of visitors to the website, the number of unique visitors, which pages of the website have been visited, the source of the visit, etc. These data help us understand and analyze how well the website performs, how visitors interact with the website, and where it needs improvement.

An overview of the cookies we collect can be found below:
